

Tabletop Exercise Examples: 10 Scenarios for Executive Teams

01

Ransomware Attack

Critical systems encrypted; attackers demand payment.

02

Data Breach

Sensitive customer or employee data exposed.

03

Third-Party Compromise

A vendor breach threatens business operations.

04

Cloud Security Incident

Misconfigured cloud resources expose critical data.

05

Business Email Compromise

A fraudulent executive payment request bypasses controls.

06

Insider Threat

An employee steals or leaks confidential information.

07

Critical System Outage

A cyberattack disrupts essential business services.

08

Regulatory Reporting Crisis

A security incident triggers mandatory reporting obligations.

09

Zero-Day Exploitation

Attackers exploit an unpatched vulnerability in a critical system.

10

Reputation Crisis

A public cyber incident triggers media and customer scrutiny.
