

Traditional TPRM VS Wizard

Core Functions	Traditional	Wizard
Vendor onboarding	2-4 weeks, manual emails & questionnaires	1-day, automated smart questionnaires
Due Diligence	Inconsistent, ad-hoc checks	AI-powered analysis across 6 risk domains
Risk Scoring	Subjective, biased ratings	Algorithmic, transparent scoring
Vendor Prioritization	Basic spend-based classification or generic categories	Dynamic prioritisation based on risk, data access & criticality
Remediation	Manual tracking & mitigation	Auto gap analysis & action points
Monitoring	Quarterly or Annual reviews (Point-in-time)	24/7 continuous monitoring & alerts
